## CLARK'S MURDERER IS STILL AT LARGE

Many Suspects Are Picked Up, but Right Man Is Not Found.

SEARCH BEING PUSHED WITH GREATEST VIGOR  
Officials Still Hope to Capture and Punish Slayer of Deputy.

Special to The Tribune.  
OGDEN, Nov. 30.—Notwithstanding sensational rumors which have been afloat since the murder of Deputy Sheriff Seymour Clark, and a number of erroneous statements made in connection with the tragedy, the officers who are conducting the investigation are now no nearer a tangible clue to the murderer who fired the fatal shot than they were the morning the investigation was started.

Whatever the incident may portend, it is known that the railroad crew in charge of the freight train which was robbed by the murderer just prior to the murder of Clark, was "out on the carpet" at the Union depot Monday in the presence of local officers and railroad detectives. It is understood that various questions were asked regarding the time and place the train was in the various cars composing the freight train, which passed through Utah Friday night just before 11 o'clock, were inspected, along with other questions which may throw some light on the identity of the assassin.

The man arrested at Bountiful and brought to the county jail as a suspect in the tragedy, as he says he can show he was in prison at that time, the night the affair occurred. Over a dozen hoboes, tramps and other "birds of passage" have been picked up by officers and held at the police station since the murder of Clark, but after a vigorous "sweating" applied to each, nothing was obtained, and they were released.

Just before noon a telephone message was received by Sheriff Wilson from the railroad agent at Midvale on the Southern Pacific, informing him that a suspicious looking man had been seen at the station at 11 o'clock Monday, who was supposed to be the man for whom Deputy Sheriff Leavitt of West Weber was searching, and who is said to have borrowed a newspaper at the latter place, and after reading the story giving the details connected with the Friday evening tragedy, laid it aside and left hurriedly, walking west on the Southern Pacific track. The description furnished by the Midvale agent, however, does not tally with the man who was seen at West Weber Sunday, and it is believed that nothing will come of the investigation in his quarter.

Detectives again visited Utah Monday, and after looking over the scene of the tragedy, questioned a number of the residents of the little burg.

Good Man Named.

Special to The Tribune.  
BINGHAM, Nov. 30.—Fred Bemis, one of the most popular men in this town, has been nominated by the American party as the candidate for the school board in the Jordan district. Mr. Bemis is recognized as an able man, and will undoubtedly prove a highly efficient man for the place.

Countryman, the incumbent, is a candidate for re-election, he having been selected by the "non-partisans" in his place for a number of years.

## OGDEN DEPARTMENT TO ERECT BUILDING ON THE CITY SQUARE

TEMPORARY OFFICE, CORNER TWENTY-FIFTH STREET AND WASHINGTON AVENUE, UNDER OGDEN STATE BANK. TELEPHONE 111; OFFICE HOURS 8 A.M. TO 10:30 A.M., 6 P.M. TO 8 P.M.

This Is Decision Reached by the Ogden City Council.

Special to The Tribune.  
OGDEN, Nov. 30.—Upon the recommendation of the committee of the whole, submitted to the city council tonight, it was finally decided to erect a building on the city square for the use of the offices of the recently acquired water works company. The dimensions will be 100x35 feet. After the reading of the report the city engineer was instructed to prepare plans for the building, which will not exceed in cost \$2000.

Three bids were submitted by local contractors for the building, as follows: J. C. Ellis, \$2200 with tin roof, and \$2340 with gravel roof; C. F. Dinmore, \$2315 with tin roof, fireproof building; Company, \$2200 with tin roof, and \$2135 with gravel roof. These bids were referred to the special waterworks committee, which was organized for the purpose of making bids to be allowed to do so. An ordinance regulating the operation of employment and labor agencies in the city was brought up on its first reading and passed to its second reading, after which it was referred to the license committee. This ordinance requires any person desiring to open such a business to obtain a license of \$100 and enter into an indemnity bond of \$1000.

It was discovered, when a communication was received from the local water works company asking that its wholesale license be dated from July 1, that some one had carelessly neglected to collect this quarterly license required by the company. On motion of Councilman Pyle the license inspector was instructed to submit a written explanation to the council explaining why the license had not been collected.

The effort was made to change the hour of the regular session of the city council from 8 o'clock to 7:30 during the months from December to March, but the resolution failed to pass, as it lacked a majority vote of the council elected.

On motion of Councilman Humphries the city engineer was instructed to submit a report showing what expenditure had been made of an appropriation of \$2000 which was allowed him to acquire water rights for the city in South Fork canyon.

Fayrolls amounting to \$1846.71 were allowed.

## POSSESSION OF BODY CAUSES SOME FRICTION

Special to The Tribune.  
OGDEN, Nov. 30.—An unfortunate incident growing out of a misunderstanding as to the relative rights of two local undertakers occurred at the Union depot yesterday afternoon when the dead body of C. W. Anderson, a Union Pacific brakeman, who was killed near the mouth of Weber canyon was brought to the city. When the corpse arrived Undertaker E. A. Larkin was present to receive it and had placed it in his casket when Dr. B. S. Joyce, the recently appointed division surgeon of the Harriman roads, telephoned that the corpse was turned over to Undertaker A. F. Richey, who arrived a few minutes afterwards. It appears that Undertaker Richey is under contract with the railroad company to take care of the bodies of those who may be killed in this division, but Mr. Larkin was unaware of this. Further, Mr. Larkin says he had been telephoned by Undertaker Richey to take care of the body of the deceased, and that he had been told that the body was to be taken to the depot. To affair was deplored by all parties concerned. The body was taken in charge by Undertaker Richey after orders had been received from Dr. Joyce to this effect.

Anderson was killed near the mouth of Weber canyon by falling from his train. The unfortunate brakeman was not missed until a few minutes after the train arrived at Utah, then the train was backed up where the brakeman was found, and the body was removed by one of the wheels of a car. Deceased was a resident of Evanston, Wyo., and unmarried.

Howell on the Job.

Special to The Tribune.  
OGDEN, Nov. 30.—Congressman Joseph Howell held an informal reception at the Reed hotel this afternoon to hear the newest claims of the applicants for postoffice jobs in this city. When questioned regarding the appointment, he said that he had not decided to whom the office would go, and that no decision would be reached until a conference was held with Senators Smoot and Sutherland.

## PROVO NEWS NOTES

Special to The Tribune.  
PROVO, Nov. 30.—The case of the state against Nathaniel Williams is now being heard in the Fourth district court before Judge Chidester. Williams, who is a man about 15 years of age, is charged with criminal assault, the alleged victim being the twelve-year-old daughter of A. B. Pack of this city, who swore to the complaint. The case attracted considerable attention last June when Williams was arrested. The offense is alleged to have been committed in October, 1907.

The officers claim that Williams was in the habit of enticing young girls to his home and, by gifts of candy and money, inducing the children to permit him to take improper liberties with them. The following jurors have been impaneled in the case: J. W. Kramer, Oliver Christensen, J. S. Boyer, B. B. Huff, Samuel Shumway, Theodore Farley, Jr., Stephen Markham and J. H. Stratton.

The state is represented by District Attorney Cortez and County Attorney John and Corbin & Rydahl appear for the defense.

The following additional jurors were drawn by the court: J. H. Stratton, George J. Adams, Lincoln R. L. Bird, A. L. Raymond, Springfield, J. E. Harvey, Jr., C. W. Thomas, Nelson W. Tidans, George H. Wilson, Springfield.

Della E. Hanks was arraigned on the charge of fornication and entered a plea of not guilty.

The case of Caleb Tanner vs. the Provo Bench and County was set for Friday, December 4.

The Utah Association of Credit Men has brought suit against G. T. Waterman for \$284.40 on accounts due for merchandise to Z. C. M. I. and other business concerns in the state.

Judge Booth is holding court in the Sixth district, while Judge Chidester is holding court here.

## ERRING GIRL IS NOW AT HER HOME AGAIN

Forgiven by Parents, and Will Try to Live Down the Past.

Accompanied by her parents, Mr. and Mrs. Joseph Schwartz, Louise Schwartz, alias Elvira Miller and Elvira Bergmann, who in the past two weeks has come into no little notoriety through her arrest in Denver with a man named Adolf Pretzenberger, both being charged with burglary, arrived in this city on an early morning train Monday from Denver, and went directly to the family home on East Second South street. The girl is confined to her bed by the reaction of the nervous strain which was brought to bear upon her by her arrest and the effects of attempting to commit suicide by taking a bottle of poison while locked up in the Denver city jail.

The parents would not permit an interview with the daughter, but the father retold practically the same story he gave Denver newspaper representatives, which was published in the Monday morning Tribune.

Speaking in defense of his daughter, the father said that the stories told her by a robber from childhood were all false and were only spoken to shield the man who brought about her ruin. The girl will be kept at home and carefully guarded, that she may be able to live down the disgrace which has come upon her, says Mr. Schwartz.

Louise Schwartz is the elder of three children.

## PROMINENT EDUCATOR WILL SOON BE HERE

One of the most distinguished educators in the country is expected to arrive in this city within a few days. In the person of Dr. L. B. Butterfield, president of the Massachusetts Agricultural college at Amherst, Mass. Mr. Butterfield occupies a unique place among college presidents, and is ranked among the leaders.

Some time ago, when President Roosevelt was searching about for men to appoint on his commission to investigate into the conditions of country life, President Butterfield was one of the first men to be selected by him. The commission is now touring the country and is due in this city within a few days.

At the time he was appointed to the head of the M. A. C., the school had been suffering a reverse, which threatened to wipe it out of existence, but under his guidance and powerful influence, the institution has progressed until it now stands at the head of the agricultural colleges in the country.

## YOUNG MEN FURNISH GIRL WITH WHISKY

Joe Young and Ed M. Bartlow, the first employed at Hemenway & Moser's cigar store on West Second South street, and the second messenger boy were found guilty in Justice Anton Lundberg's court Monday of furnishing Mamie Williams, only 14 years old, with liquor, November 1907, and sentenced to the county jail for three months. Young was sentenced to 10 o'clock this morning.

Bert Elwood, a waiter at the Combination bar on East Second South street, similarly charged, will be given a hearing at 2 o'clock this afternoon. The girl has been committed to the state industrial school for incorrigibility. She was brought here from Ogden Monday, to testify against Bartlow and Young, and will be a witness against Elwood today, no doubt.

## JOHN A. WHELAN TAKES POSITION AT THE PARK

John A. Whelan, who for the past several months has been connected with McCornick & Co., bankers, will leave the city on the first of the month for Park City, where he will take a position with the First National Bank of Park City. For several years Mr. Whelan was connected with the National Bank of Washington, Washington, D. C., where he was vice president and cashier. Mr. Whelan has also been associated with the Baltimore & Ohio railroad in the capacity of assistant ticket agent.

## "Divorce" Scores Success.

WASHINGTON, Nov. 30.—"Divorce," the remarkable drama of the domestic relation, which was produced by the French academy, has made such a strong protest against the dissolution of the marriage bond, made its first presentation before a large audience. It marked the first appearance of Marion Terry, a sister of Ellen Terry and an actress of great emotional powers.

## ENOUGH WAX IN UTAH TO SUPPLY THE WORLD

Interest in Deposits Is Being Manifested in the East.

There is enough wax in Utah to supply the world, says Charles Schwager of 84 Livingston street, New York city, field secretary of the commission for the establishment of an international Jewish congress, and wax expert.

This is according to Schwager's letter to Governor John C. Cutler, received Monday, making inquiry as to how wax lands are obtainable in this state. Schwager says that he has been connected with one of the biggest wax plants in the world, the one at Galicia, Europe, and that the earth there yields only from 80 to 90 degrees wax, while Utah earth, which he has analyzed, yields 125 degrees.

Schwager mentions two other wax experts, the Abe Hein company of New York city and Smith Nichols, and incloses in the letter to the governor an invitation from the Hein company to call and examine a sample of Utah earth, containing wax. Schwager says that he refined the sample shown to him by Hein and found that it contained from 12 to 14 per cent wax, whereas other earths yielded only 3 per cent. It is in this connection that Schwager exclaims:

"We could supply the whole world with wax!"

Schwager's communication shows he knows a whole lot about the wax industry, and the governor will forward him all the information obtainable about the wax possibilities hereabout.

Simultaneously with Schwager's letter of inquiry came another letter to the governor from Nathan Rabinowitz, secretary of the Jewish community in New York, waiting to know how wax lands are obtainable in this state, which shows that there must be something in the report that has reached the East that there are wealthy wax lands in Utah. This letter will be answered, too.

## WELL-KNOWN MAN HAS BOTH FEET FROZEN

Max Lafont, a prominent business man of St. Paul, Minn., was brought to the Keogh-Hammond hospital Monday forenoon with both his feet so badly frozen that it is feared that amputation will be necessary. Mr. Lafont was out with a party of friends rabbit hunting in the eastern part of the state when a snow storm came upon him, and before they could get to cover his feet were frozen.

Mr. Lafont came to Salt Lake City, California and joined the hunting party in this city.

## PLAN GREAT CHANGE IN POSTAL SERVICE

Four Offices of Assistant Postmaster-General Likely to Be Abolished.

WASHINGTON, Nov. 30.—The four offices of assistant postmaster-general will be abolished; a director of posts, with seven assistants provided for, and the entire postal service of the United States divided into fifteen separate districts, if the bill for the revision of the postal laws, which is being prepared by the joint postal investigation commission, appointed two years ago, is passed by congress.

It is claimed that a director of posts, appointed to hold office until removed for cause, and who shall receive a high salary, will tend to improve the service through a continuity of policies for the benefit of the service.

By providing for seven assistants, the disadvantages due to frequent changes and the appointment of inexperienced men to the four offices of assistant postmaster-general can, it is believed, be obviated. The assistant directors are to hold office during good behavior.

To perfect the system of management, the provision for fifteen superintendents, to have direct charge of the fifteen postal districts, has been decided upon.

Another provision of the bill is the assignment of certain duties, now performed by the third assistant postmaster-general, to a commission of appeals. This commission would issue all final orders and pass upon the admission to the mails of second-class matter. The codification of the postal laws is also a part of the work required of the commission.

## NOTORIOUS COUNTERFEITERS SURRENDER TO OFFICERS

CHICAGO, Nov. 30.—"We know it is only a matter of time when you will get us, anyway, so we may as well submit gracefully."

The message over the telephone today reached Peter Dratzburg of the United States secret service from one of two men who had flooded Milwaukee avenue with counterfeit money, and who had been in the aggregate of \$3000.

"Come on over and make the pinch," added the voice, which named a meeting place.

Shortly after Dratzburg appeared at the federal building with two friends, Gustav Bayer and Henry Michaels. They said they had grown tired of trying to elude the detectives.

A telephone message was received by a letter to Captain Porter from St. Louis, as follows:

"The case brought you all the counterfeit money we have and if you call in all the men that are looking for us we will stand in our office December 1. Yours with repentance."

## IMPORTANT DECISION BY NATION'S HIGHEST COURT

WASHINGTON, Nov. 30.—By a decision of the supreme court of the United States today, declaring as arbitrary and unauthorized by law the action of Secretary Hitchcock in removing from the Cherokee lands in the Indian Territory, John E. Goldsby, Ida Allison and C. Allison, 1500 persons will now share the division of lands of that tribe.

It is estimated that at least a half million dollars worth of property is involved. The case was brought by the Cherokee people named in the supreme court of the District of Columbia as a test of the secretary's jurisdiction in the matter.

## WILL TONE UP YOUR STOMACH AND CURE ALL INDIGESTION PROMPTLY

The question as to how long you are going to continue a sufferer from indigestion and stomach trouble is merely a matter of how soon you begin taking Diaprepin.

If your stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs but with reinforcement of digestive agents, such as are naturally at work in the stomach.

People with weak stomachs should eat Diaprepin after meals, and will be no more indigestion, no more like a lump of lead in the stomach, heartburn, Sour risings, Gas on Stomach or Belching of undigested food.

## SCHWAB MADE DEFENDANT IN BIG MINING

NEW YORK, Nov. 30.—That papers a suit involving the ownership of a Mexican silver and lead mine, in which C. M. Schwab and other financiers are interested, have been served upon Mr. Schwab, was made known. The complainants are Alfredo S. and Sidney A. Wertheimer, brothers living in Mexico City, who claim they are unjustly deprived of a considerable amount of stock in this mine, said to be worth several millions. The plaintiffs allege that they owned a majority of the stock at that time and that they had options on practically all the minority stock.

Counsel for Mr. Schwab said today that neither Mr. Schwab nor any of those interested with him were disturbed by the suit, but that Mr. Schwab's answer would be filed in due time.

## ROOT IS PLEASED BY WOODRUFF'S WITHDRAWAL

WASHINGTON, Nov. 30.—Secretary Root was pleased by Woodruff's first call today, the two remaining in conference almost an hour. Asked whether he had anything to say regarding the announcement from Hot Springs of Time L. Woodruff that he would not be a candidate for the New York senatorship, secretary said that he had seen the announcement and was much pleased in declaring that it was a patriotic gesture.

## PASTORS WOULD BAR SUNDAY VAUDEVI

NEW YORK, Nov. 30.—A move among the pastors of New York and vicinity to bring about the exclusion of vaudeville performances on Sunday throughout the greater city, inaugurated today when the clergy of three denominations at their meetings, voted to join in an international crusade to force, if possible, Sunday closing of all the theaters.

Mr. Schwab said today that neither Mr. Schwab nor any of those interested with him were disturbed by the suit, but that Mr. Schwab's answer would be filed in due time.
